1. Fernwick Linen Table Runner, Oat

SEO title (57 chars): Linen Table Runner in Oat, Washed & Soft | Fernwick Goods

Meta description (142 chars): A stone-washed linen table runner in a soft oat tone. Fits 4 to 6 seat tables, softens with every wash, and makes a plain table feel finished.

Target keyword: linen table runner

Description

A plain table can feel unfinished. This runner fixes that in one move.

Our Oat runner is stone-washed linen, so it arrives soft and relaxed, not stiff. The warm, neutral tone sits well with wood, white, or black tables, and it gets softer every time you wash it.

- **Size:** 14 x 72 in, fits most 4 to 6 seat tables
- **Material:** 100% linen, stone-washed
- **Care:** machine wash cold, tumble dry low
- **Finish:** hemmed edges, no fringe to snag

Lay it straight down the middle for everyday meals, or fold it in thirds across a side table. Either way, it's the easiest upgrade in the room.

SEO title (53 chars): Stackable Ceramic Planters, Set of 3 | Fernwick Goods

Meta description (152 chars): Three matte ceramic planters that nest for storage and stand in a row on a sill. Drainage holes and cork saucers included. Built for small-space plants.

Target keyword: small ceramic planters set

Description

Small windowsill, big plant plans? These three planters were made for exactly that.

Each pot has a drainage hole and its own cork saucer, so roots stay healthy and sills stay dry. When you're between plants, they nest inside each other and take up the space of one.

- **Sizes:** 3, 4 and 5 in wide
 - **Finish:** matte glaze in Sand, Moss and Slate
 - **Includes:** 3 planters, 3 cork saucers
 - **Good for:** herbs, succulents, trailing pothos
