

Home Maintenance Planner

Keep your home in good shape, one season at a time.

INSIDE

- Home at a glance
- Emergency shutoffs
- Monthly checklist
- 4 seasonal checklists
- Year-at-a-glance schedule
- Appliance & warranty record
- Maintenance log
- Service provider directory
- Project planner
- Repair budget tracker
- Paint & finishes record
- Home inventory
- Notes

How to use this planner

This planner keeps everything about your home in one place: what needs doing, when you last did it, who you called and what it cost. Print it, punch it and keep it in a binder, or write on it in any note-taking app that lets you mark up a PDF.

1. Fill in the basics

Start with Home at a glance and Emergency shutoffs. These are the pages you will want in a hurry.

2. Pick your rhythm

Use the Monthly checklist every month and the matching Seasonal checklist four times a year. Add your own tasks in the blank lines.

3. Plan the year

Tick the months you plan to do each job on the Year-at-a-glance page. Blank rows are for your home's extras.

4. Log as you go

Every repair, service call and purchase goes in the Maintenance log. It makes warranty claims, insurance and selling the house much easier.

5. Print what you need

Print extra copies of any log page. Most pages work for renters too.

A FRIENDLY NOTE

Checklists are general reminders, not professional advice. Always follow your manufacturer's instructions, and call a licensed pro for gas, electrical and roof work.

Home at a glance

The facts you keep looking up, all on one page.

Neighbor			

MONTH

DONE BY

- ☐ Test smoke and carbon monoxide alarms
- ☐ Check the HVAC filter; replace if dirty (often every 1–3 months, per the filter maker)
- ☐ Look under sinks and around toilets for drips or damp spots
- ☐ Clean the range hood filter
- ☐ Clean the garbage disposal and slow drains
- ☐ Check the fire extinguisher gauge is in the green
- ☐ Run water in unused sinks, tubs and toilets
- ☐ Top up water softener salt (if you have one)
- ☐ Walk the outside: look for pests, damage or standing water

YEAR

STARTED ON

- ☐ Look over the roof from the ground for missing or damaged shingles
- ☐ Clean gutters and downspouts; make sure water drains away from the house
- ☐ Check exterior paint and caulk around windows and doors
- ☐ Inspect deck, porch and steps for loose boards or rot
- ☐ Turn on outdoor faucets and check hoses for leaks
- ☐ Check that soil slopes away from the foundation
- ☐ Clean window screens; patch any tears

☐

☐

☐

☐

- ☐ Book an AC service before the hot months
- ☐ Vacuum refrigerator coils
- ☐ Test the sump pump (if you have one)
- ☐ Clean the dryer vent and lint trap housing
- ☐ Wash windows inside and out
- ☐ Check attic for signs of leaks or pests

NOTES

Summer checklist

Keep things cool, dry and pest-free.

YEAR

STARTED ON

OUTSIDE

- ☐ Trim trees and shrubs back from the roof and siding
- ☐ Check sprinklers and irrigation for leaks or misaligned heads
- ☐ Clean and, if needed, reseal the deck
- ☐ Clean the grill and check gas connections
- ☐ Look for signs of termites or wood damage
- ☐ Clean trash and recycling bins

MY OWN SUMMER TASKS

- ☐ _____

☐ _____

☐ _____

☐ _____

NOTES

INSIDE

- ☐ Set ceiling fans to spin counterclockwise
- ☐ Test the garage door auto-reverse safety feature
- ☐ Check attic ventilation and look for moisture
- ☐ Inspect washing machine hoses for bulges or cracks
- ☐ Clean the dishwasher filter
- ☐ Check for leaks at the water heater

Fall checklist

Get ready for cold weather before it arrives.

YEAR

STARTED ON

OUTSIDE

- ☐ Clean gutters again once most leaves have fallen
- ☐ Disconnect hoses and shut off / drain outdoor faucets
- ☐ Winterize the irrigation system
- ☐ Rake leaves and clear storm drains near the house
- ☐ Store patio furniture and cushions
- ☐ Stock winter supplies: ice melt, shovel, scraper

MY OWN FALL TASKS

NOTES

INSIDE

- ☐ Book a furnace or heating service
- ☐ Set ceiling fans to clockwise on low
- ☐ Seal drafts: weatherstripping and caulk at doors and windows
- ☐ Have the chimney inspected before using the fireplace
- ☐ Flush the water heater (per the manufacturer's guide)
- ☐ Test the backup generator (if you have one)

Winter checklist

Protect the pipes and keep an eye on the roof.

YEAR

OUTSIDE

- ☐ Watch for ice dams and large icicles along the roof edge
- ☐ Keep dryer, furnace and other exhaust vents clear of snow
- ☐ Clear snow away from gas meter and foundation
- ☐ Check trees for heavy or broken limbs

MY OWN WINTER TASKS

|--------------------------|-------|
| ☐ | _____ |
| ☐ | _____ |
| ☐ | _____ |
| ☐ | _____ |

NOTES

STARTED ON

INSIDE

- ☐ Insulate pipes in unheated spaces; know your main shutoff
- ☐ Check basement and attic for leaks or condensation
- ☐ Replace alarm batteries (unless they are sealed 10-year units)
- ☐ Re-caulk around tubs, showers and sinks where needed
- ☐ Tighten loose handles, knobs, hinges and railings
- ☐ Clean the washer gasket and run a cleaning cycle
- ☐ Review your emergency kit and flashlights
- ☐ Plan and price spring projects
